

## **Geotextile Instructions**

- All Geotextile products shall be evaluated and maintain a current listing in the National Transportation Product Evaluation Program (NTPEP).
- You may submit one PEP application per Geotextile product line. However, in the product description portion of the application, please note all models in that product line. Additionally, specify which Type(s) each of the models are being submitted for (i.e. Type 1, Type 2, Type 3, Type 4, Type 5, Pavement Stabilization, or Special Use).
- NCDOT details Geotextile material requirements and Types in section 1056 (specifically Table 1056-1) of the NCDOT 2012 Standard Specifications. [Click here for reference](#)
- Also reference NCDOT's Geotechnical Engineering Unit's "2012\_Roadway – Geotextile for Pavement Stabilization" Standard Provision #13. [Click here for reference](#)
